## Southeast Economic Reliance

### Introduction

Every five years Southeast Conference prepares an economic development strategy for Southeast Alaska. As part of that strategy - we want to know what makes Southeast Alaskans resilient. The information you provide in this short economic resilience survey will help us develop a Southeast Alaska economic blueprint for the region.

Individual responses will remain confidential, and the findings will only be reported in aggregate. If you have questions, please contact our contractor, Meilani Schijvens, at [meilani@raincoastdata.com](mailto:meilani@raincoastdata.com). Thank you for your participation!
