Objectives

The background image shows two healthcare professionals, likely nurses or doctors, in a clinical setting. They are wearing white lab coats and have stethoscopes around their necks. They are standing in front of a whiteboard that is covered with various documents, charts, and notes. One of the documents has the handwritten text "New Report Coming Soon". The woman on the left is pointing at a document on the whiteboard, and both are looking at it with interest. The setting appears to be a hospital or clinic, with a window and other medical equipment visible in the background.

- **Measure** the future workforce needs of regional health care providers.
- **Understand** the trends and economic importance of health care in the region.
- **Identify** the challenges, gaps, and opportunities in meeting the region's health education and training demands.
- **Establish** a strategy-driven Southeast Alaska health care action plan.
- **Produce** the Southeast Alaska Health Care Workforce Assessment Plan.
