- 2019
  - Production ↑
  - Expand Product Line
  - Sell in: California

Tourism industry is a great outlet for mariculture products

- Hump Island Oysters + Barnacle
- 25,000 lbs of bull kelp
- Refrigerated container via AMHS ferry

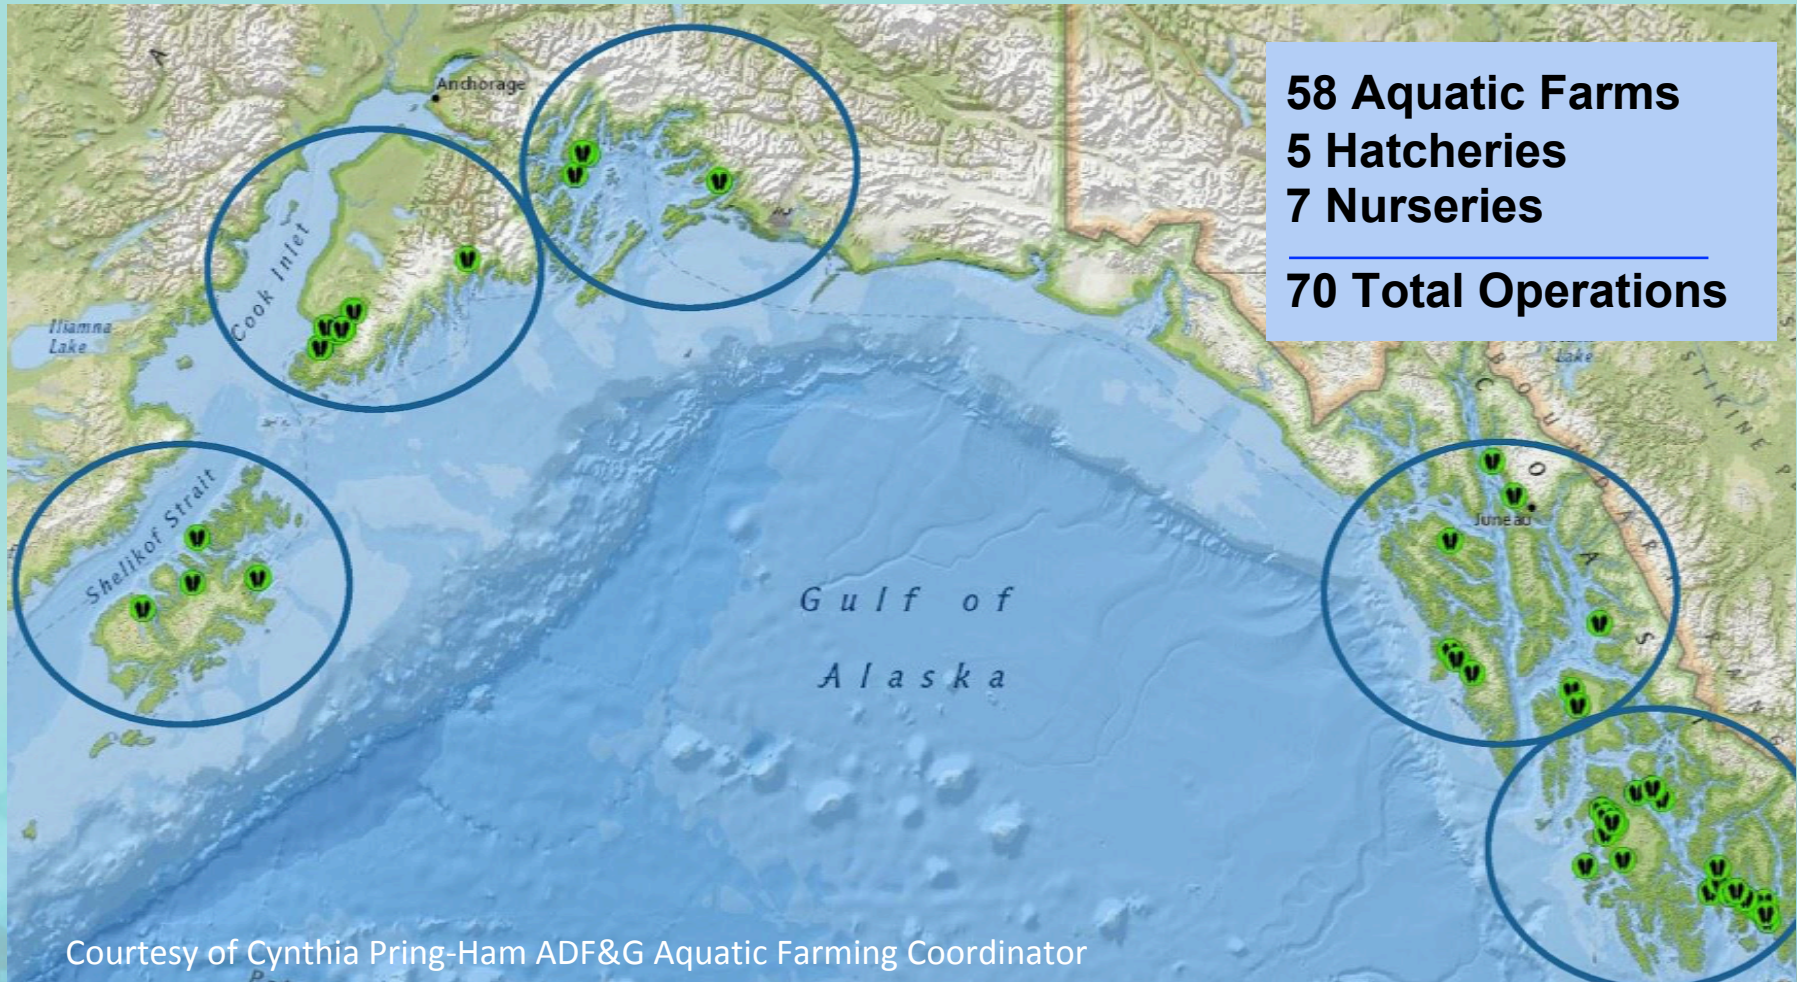

Photo Courtesy of Hump Island Oysters

# Huge potential for a mariculture industry

- Mariculture = aquatic plants and shellfish, no finfish
- Kelp and seaweed grown worldwide
- Demand for oysters, mussels, geoducks
- Southeast Alaska
  - Ideal ecosystem
  - Existing infrastructure and workforce

# Active Mariculture Sites
