

ALLEN MARINE & ALASKAN DREAM CRUISES

A black and white photograph of a large steamship, likely a passenger liner, sailing on the water. The ship has two masts and a prominent smokestack. In the background, there are large, rugged mountains covered in snow. The sky is overcast.

[ALASKA'S] VALUE, MEASURED BY DIRECT RETURNS IN MONEY RECEIVED FROM TOURISTS, WILL BE ENORMOUS." —HENRY GANNETT

ROTTERDAM

A photograph of a massive, blue-tinted glacier wall. The glacier is composed of many jagged, vertical ice formations. In the foreground, a small boat with a deck and a railing is visible, carrying a group of people. The water in the foreground is filled with small ice floes. The sky is a clear, deep blue.

change your perspective.

Experience the raw power of Hubbard, North America's largest tidewater glacier, from the deck of a small expedition vessel.

SUSTAINABLE
SOUTHEAST
PARTNERSHIP

This new position will provide the technical and social support necessary to grow the capacity of rural residents of Southeast Alaska to benefit from the visitor industry.

The primary focus of the Catalyst will be to empower Alaska Native communities in engaging with the visitor industry and achieving vibrant economies while conserving their homelands for future generations.

**\$5 from each 2020 Alaskan Dream Cruises booking
to rural Southeast Alaska school activities**
